* In this return no distinction is drawn between those who work and those whom they support by their work. The whole population depending upon the occupation is included, in order to indicate the respective sustaining power of the different orders.

† Order III. is intended to refer solely to those not in the employ of the State making the return, but it is probable that in some cases the servants of the State itself have been included.

‡ Order XXIII. includes those not enumerated by occupation in certain wild tracts of Rajputána, Kashmér, and the Bombay States.

a Excluding Berar and Mysore. *b* The first census of all British India was taken in 1871. The population in earlier years has been estimated on the basis of the census of 1871, allowance being made for the population of recently acquired territory.

c Including for the years previous to 1864-5 the receipts from recently acquired territory not separately classified; after 1862-3 Forest Receipts are also included. From 1877-8 the portion of Land Revenue due to Irrigation is excluded from this head and shown under Public Works.

d Excise, Assessed Taxes, Provincial Rates, Customs, Salt, and Stamps. Local Funds were incorporated in the General Accounts in 1878-9 and caused an addition of over £2,000,000 to this head, the amount being balanced by sums entered under various heads on the expenditure side.

e Including from 1876-7 Guaranteed Railway Traffic Receipts, and from 1877-8 the portion of Land Revenue due to Irrigation.

* In this return no distinction is drawn between those who work and those whom they support by their work. The whole population depending upon the occupation is included, in order to indicate the respective sustaining power of the different orders.

† Order III. is intended to refer solely to those not in the employ of the State making the return, but it is probable that in some cases the servants of the State itself have been included.

‡ Order XXIII. includes those not enumerated by occupation in certain wild tracts of Rajputána, Kashmír, and the Bombay States.

* In this return no distinction is drawn between those who work and those whom they support by their work. The whole population depending upon the occupation is included, in order to indicate the respective sustaining power of the different orders.

† Order III. is intended to refer solely to those not in the employ of the State making the return, but it is probable that in some cases the servants of the State itself have been included.

‡ Order XXIII. includes those not enumerated by occupation in certain wild tracts of Rajputána, Kashmir, and the Bombay States.

"Net circulation" includes the value of notes held by Government in the Reserve and other treasuries.
